

1. Introduction

The objective of the CEN Construction Sector Snapshot is to provide standardizers and users of the standards with an overview of:

- the draft standards developed by CEN and ECISS Technical Committees, which will be cited in the Official Journal and provide presumption of conformity to the Construction Products Directive (CPD – 89/106/EEC);
- the amendments and revisions of harmonized product standards (hEN) already cited in the OJEU.

Priority is given to the 'market' vision of the Standard. Therefore, corrigenda, amendments or revisions are not totalized separately but in a group, which progress is measured according to the global progress for the purpose.

The labels used in the different sections of the snapshot can be understood as follows:

Standard:	Generic part of a Standard reference without date or function (for more details see the 'linked work item' description).
Title:	English title of the (draft) standard
Linked Work Item:	Gives the unique CEN Work Item identification and, if existing, the the full Standard reference
Last realized:	Gives the last registered (date of the Snapshot) evolution in major steps (description and internal milestone numbering) for each Work Item
OJEU:	Gives references and dates from the registered history in the Official Journal from the European Commission.
DOW:	Date of withdrawal registered in the CEN database. There may be a difference with the dates cited in the OJEU (last minute change or registration time discrepancies).
Man:	Gives a list of all mandates linked to the concerned Work Item (also manadates which are not specifically linked to the CPD).

Moreover, several acronyms, referring to the different steps of the approval process of a standard, are used to describe the last registered evolution (more information on each step can be found on the CENBOSS <http://www.cen.eu/boss>) and mean the following:

- ENQ: Enquiry
- FV: Formal Vote
- UAP: Unique Acceptance Procedure
- DOR: Date of Ratification
- DAV: Date of Availability

2. Summary

Concerned Standards	482
Approved ENs	
Available Standards cited in the Official Journal	412
Available Standards not yet cited in the Official Journal	6
Total available Standards	418
Drafts which have completed FV or UAP	
Adopted Standards not yet available	0
Drafts having failed the Formal Vote or UAP	8
Drafts which have completed FV or UAP	
Drafts undergoing Formal Vote or UAP	3
Drafts received in CEN Management Center for Formal Vote preparation	8
Drafts received in CEN Management Center for UAP preparation	5
Drafts before FV or UAP	
Drafts passed CEN Enquiry	19
Drafts undergoing CEN Enquiry	3
Drafts received in CEN Management Center for Enquiry preparation	3
Drafts not yet received in CEN Management Center for Enquiry or UAP preparation	15
